**Part III REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach, disclose, or suggest the claimed limitations of (in combination with all other limitations in the claim), an apparatus to normalize information in a file, comprising a first Encapsulated Postscript (EPS) file, which contains unstructured information required to create a printed document containing graphics images; a first conversion module for automatically converting the first EPS file to a Portable Document Format (PDF) file using a first set of predefined parameter settings; and a second conversion module for automatically converting the PDF file to a second EPS file having a format for the information therein using a second set of predefined parameter settings as claimed in claim 16. Similar features are claimed in claims 25, 31, 37, and 45. Therefore, claims 25, 31, 37, and 45 are allowable over the prior art of record for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
